HOW TO REGISTER

East Side Adult Education Program is a public education program for adults funded by State and Federal funds. Our program offers free classes for adults 18 and older. Students may obtain a high school diploma, a high school equivalency diploma (GED/HiSET), prepare for a career by enrolling in one of our Career Technical Education courses, learn to speak English, and learn how to become a U.S. citizen.

Students interested in attending classes at East Side Adult Education Program must register for a placement test.

HIGH SCHOOL DIPLOMA AND GED

Students interested in one of the above programs may enroll online on our website, call and/or come to our office, or to make a Placement Test appointment. After orientation, students need to make a counseling appointment. Students are placed in high school diploma classes based on the transcripts evaluation.

Students who are currently enrolled in one of our district high schools may register for classes to recover credit to satisfy high school diploma requirements. High school students must meet with their counselor and obtain permission from their parent/guardian prior to being accepted at adult education.

ENGLISH AS A SECOND LANGUAGE (ESL) and CITIZENSHIP

Enroll online or in person at the school you wish to attend. You will register for New Student Orientation which includes an English language assessment. Our ESL program operates on an open enrollment basis. For more information see our website adulthoodeducation.esuhdsd.org or contact our office.

CAREER TECHNICAL EDUCATION

Students interested in enrolling in CTE courses may register online through our website, by phone, or in person at our office. No placement test is required.

ADULT BASIC EDUCATION PROGRAM

The Adult Basic Education Program (ABE) provides classes, aligned with the College and Career Readiness Standards (CCRS) in Mathematics, Language Arts (language, speaking, listening, and writing) and Reading. The integration of the CCR standards in the ABE program is intended to provide students with the knowledge and foundational skills for students to transition to the adult secondary program. This program is also designed for students who are native speakers of English and immigrant students who possess advanced communication skills in English and need to further develop their literacy, numeracy skills, and communication skills. Open enrollment!

CLASS SCHEDULE

Date	Day	Time	Site	Room
8/11/26 - 12/18/26	MTWThF	9:10am-12:00pm	IAC	405
8/11/26 - 12/16/26	MTW	12:30pm-3:20pm	IAC	405
8/11/26 - 12/17/26	TTh	6:20pm-9:10pm	IAC	405

FINE ARTS A & B

The Fine Arts class is an introductory class which integrates art history with studio work. All works, or projects, are based on two core concepts: The Design Cycle which is the basis of the creative process: (1) research, (2) plan, (3) create and (4) evaluate. The Elements of Art--line, shape, form, texture, color, space, and value--which are the basic components in an art piece. Students will learn basic instruction and skills building in painting, drawing, and design using traditional media such as acrylic paints, charcoal, watercolor, and colored pencils, as well as 21st Century technology. This class is open to members of the community. There is a \$20 fee for community members only.

History of Art is a class offered via distance learning for those who cannot attend the Fine Arts class in the morning.

Date	Day	Time	Site	Room
8/11/26 - 12/15/26	T	9:10am-12:00pm	IAC	404

HIGH SCHOOL DIPLOMA PROGRAM

East Side Adult Education (ESAE) awards high school diplomas to students who meet Board of Education and WASC accreditation requirements. Our program offers a standards-based curriculum tailored to adult learners, with in-person, hybrid, independent study, and distance learning options. Students learn through self-paced and small-group instruction, earning five credits per completed course. Credits from accredited secondary or foreign schools may be accepted. ESAE students can dually enroll at local community colleges for the opportunity to earn both high school diploma and college credit.

Students must meet all state and local requirements for graduation. Residency for high school graduation requires that a student must be enrolled and pass 10 units of credit at the East Side Adult Education program.

GED/HISET EQUIVALENCY DIPLOMA

GED DISTANCE LEARNING

It is required that students have a good computer or laptop, with an operable camera and audio system. Efficiency on emails and the internet is a must!

You must be self-motivated and enthusiastic about your studies, as this is mainly independent work. It is highly recommended that you study 10-12 hours/week to achieve your goal in a timely fashion.

A minimum of 6 hours/week is required to maintain your place in Distance Learning! Your instructor will oversee your lessons and enhance your learning plan with assignments. All students will have access to abundant resources, for all subjects, at all times.

Conferencing with your Instructor (Your Coach) is necessary to discuss your "Readiness" for testing. COMMUNICATION is part of the requirement. Tutoring will be available by appointment and suggested, when necessary. Skill Building classes are also available. Pre and Post tests will be provided, along with "Practice Tests" and "Official Test" enrollment.

Getting Started:

Students will be required to take a Placement Test at Independence Adult Center, 625 Educational Park Drive, San Jose, CA 95133. Please call (408) 928-9300 to schedule an appointment with a counselor and to take a Placement Test to determine your level of learning.

Once accepted into the GED Distance Learning Program, students will be contacted by the online Instructor and sent the Student Agenda, plus other instructions. This will help students with the process of getting started.

Class is Free and so are Resources!

Distance Learning Instructor Office Hours:

Tuesday and Thursday - 9:10 am-12:00 pm and 12:30 pm - 3:20 pm

GENERAL EDUCATION DEVELOPMENT

GED/HISET EQUIVALENCY DIPLOMA

HIGH SCHOOL EQUIVALENCY TEST PREPARATION

The High School Equivalency Test Preparation Program is “self-paced” and “self-contained.” Class is open-entry/open-exit throughout the semester. Students must be 18 years or older. Each student has an individualized educational plan to complete his/her personal requirements.

To get your GED certification, you will need to pass four tests with a score no lower than 145 points for each subject. The HiSET requires a total scaled score of 45 out of 100 on all five subtests. Please note that all GED prep classes will also prepare you for the skills needed for the GED or HiSET Test.

GED/HISET TEST PREP CLASS SCHEDULE

Date	Day	Time	Site	Room

We are a GED and HiSet Testing Center!

PROGRAMA DE GED/HISET EN ESPAÑOL

Los cursos gratuitos de GED/HiSET son personalizados e incluyen instrucción integrada. Las clases son de inscripción abierta; los estudiantes pueden comenzar a tomar clases en cualquier momento durante el semestre. Los estudiantes deben tener 18 años de edad o más. Cada estudiante tiene un plan educativo individualizado para completar los requerimientos necesarios para obtener el certificado de GED o HiSET. Las clases se ofrecen en el Independence Adult Center. Los estudiantes pueden asistir a alguna o todas las sesiones ofrecidas.

Para obtener su certificación de GED, necesitará aprobar cuatro exámenes con una puntuación no inferior a 145 puntos para cada materia. Tenga en cuenta que todas las clases de preparación para el GED también lo prepararán para las habilidades necesarias para el examen de GED o HiSET.

CALWORKS

County of Santa Clara Social Services Agency

California Work Opportunity and Responsibility to Kids (CalWORKs) helps families with children and pregnant individuals to meet basic needs. CalWORKs provides time limited cash assistance (including transportation and childcare costs). If eligible, you automatically qualify for Medi-Cal and may qualify for CalFRESH food benefits. This program helps you pay for education, find and keep a job, and it provides other services that will support your family, even after leaving the program. Refugee Cash Assistance (RCA) provides short-term cash assistance for newly arrived refugees and certain other immigrants, who are not eligible for other cash benefits. To learn more: <https://socialservices.sccgov.org/financial-assistance/calworks>.

To see if you are eligible: <https://benefitscal.com>

ENGLISH AS A SECOND LANGUAGE

ENGLISH AS A SECOND LANGUAGE

East Side Adult Education offers more than 50 English as a Second Language classes accommodating 6 different language proficiency levels, from Pre-literary to Advanced Low. Classes are offered in the mornings, afternoons and evenings, at different locations. During open enrollment periods throughout the school year, students schedule their placement test using a QR code. They are subsequently invited to class based on their test results via text and email. If space is not available, they will be placed on a waitlist and notified when space becomes available.

INGLÉS COMO SEGUNDO IDIOMA

East Side Adult Education ofrece más de 50 clases de inglés como segundo idioma que se adaptan a 6 niveles diferentes de competencia lingüística, desde preliterario hasta avanzado bajo. Las clases se ofrecen por la mañana, tarde, y noche, en diferentes lugares. Durante el periodo de inscripción abierta a lo largo del año escolar, los estudiantes programan su examen de nivel mediante un código QR. Posteriormente, son invitados a clase según los resultados de su evaluación a través de mensajes de texto y correo electrónico. Si no hay cupo disponible, serán colocados en una lista de espera y notificados cuando haya disponibilidad.

ANH NGỮ LÀ NGÔN NGỮ THỨ HAI (ESL)

Chương trình Giáo Dục East Side Dành Cho Người Lớn có trên 50 lớp học Anh Ngữ đáp ứng 6 trình độ, từ Võ lòng đến Cao cấp, vào các buổi sáng, trưa và tối ở các địa điểm khác nhau. Trong các đợt tuyển sinh mở ra suốt năm học, học viên sẽ đặt lịch thi xếp lớp bằng mã QR. Sau đó, dựa trên kết quả bài kiểm tra, học viên sẽ nhận được lời mời tham gia lớp học qua tin nhắn điện thoại và email. Trong trường hợp lớp học đã hết chỗ, tên học viên sẽ được đưa vào danh sách chờ và học viên sẽ nhận được thông báo ngay khi lớp có chỗ trống.

CAREER EDUCATION

WORK READINESS

This course introduces students to the working world, and provides the knowledge and insight necessary to compete in today’s challenging job market. This relevant and timely course helps students investigate careers as they apply to personal interests and abilities, develop skills and job search documents needed to enter the workforce, explore the rights of workers and traits of effective employees, and address the importance of professionalism and responsibility as careers change and evolve. This course includes lessons in which students create a self-assessment profile, and a resume that can be used in their educational or career portfolio.

Date	Day	Time	Site	Rm
8/17-12/14	M	9:10-12:00pm	IAC	301
8/17-12/14	M	12:30-3:20pm	Dist. Learn.	

are encouraged to enroll in the fundamentals class at the same time as one of the medical courses listed below. This course is two days a week, one day in-person and the second day is remote.

Online software purchase required

Date	Day	Time	Site	Rm
8/11-12/15	T	12:30-3:20pm	IAC	301
8/12-12/16	W	2:10-3:30pm	Remote	

MEDICAL OFFICE
ADMINISTRATIVE SERVICES

If you are interested in working towards a career in the medical field, this course is for you! This course will provide an overview of the nature, organization, and function of healthcare administrative services. Students have the opportunity to learn the practical application of leadership, communication, team building, decision-making, problem solving, as well as conflict resolution and negotiation. Students also have the opportunity to experience volunteer work in the field. This course has opened the doors for many students who are now employed at Regional Hospital, Foothill Community Health Center, dental offices, and more. Take advantage of this great opportunity. This course is two days a week, one day in-person and the second day is remote.

MEDICAL CAREERS

MEDICAL ASSISTANT
FUNDAMENTALS

In the Medical Assistant Fundamentals course, students learn the five steps of the nursing process, basic anatomy and physiology, how to interact with patients and team members, problem-solving techniques, stress management, and verbal and nonverbal communication techniques. The online resources for the class are user-friendly for first-timers. The lessons will familiarize you with medical terms and forms commonly used in a medical office. Students taking this course will greatly enhance their employment value. All students

CAREER EDUCATION

MEDICAL DISTANCE LEARNING

Instructor office hours vary for each course

Classes are introductory and do not earn a certification.

HEALTH SCIENCE & MEDICAL TECHNOLOGY

The Health Science and Medical Technology course provides a comprehensive overview of the healthcare industry, covering essential topics such as diagnostic, therapeutic, health informatics, support services, and biotechnology research and development pathways. Students will explore the evolution of healthcare, current trends, and the impact of technology on healthcare delivery. The course emphasizes the importance of professionalism, ethics, patient care, and effective communication within diverse healthcare settings. Additionally, students will gain practical skills in medical terminology, safety standards, first aid, and the use of medical equipment, preparing them for various careers in the health science field.

MEDICAL TERMINOLOGY

This two-semester course introduces students to the structure of medical terms, including prefixes, suffixes, word roots, combining forms, and singular and plural forms, plus medical abbreviations and acronyms. The course allows students to achieve comprehension of medical vocabulary appropriate to healthcare settings, medical procedures, pharmacology, human anatomy and physiology, and pathology. The knowledge and skills gained in this course will provide students entering the healthcare field with a deeper understanding of the application of the language of health and medicine. Students are introduced to these skills through direct instruction, interactive tasks, and practice assignments.

NURSING ASSISTANT

This two-semester course prepares students to provide and assist with all aspects of activities of daily living and medical care for the adult patient in hospital, long-term care, and home settings. Through direct instruction, interactive skills demonstrations, and practice assignments, students are taught the basics of nurse assisting, including interpersonal skills, medical terminology, care procedures, legal and ethical responsibilities, safe and efficient work, gerontology, nutrition, emergency skills, and employability skills. Successfully completing this course may help you determine whether a career as a Nursing Assistant is the right path for you.

PHARMACY TECHNICIAN

This two-semester course prepares students who are interested in pursuing employment as a Certified Pharmacy Technician (CPhT), and covers the skills needed for the pharmacy technician field. Through direct instruction, interactive skills demonstrations, and practice assignments, students learn the basics of pharmacy assisting, including various pharmacy calculations and measurements, pharmacy law, pharmacology, medical terminology and abbreviations, medicinal drugs, sterile techniques, USP 795 and 797 standards, maintenance of inventory, patient record systems, data processing automation in the pharmacy, and employability skills. Successful completion of this course may help prepare the student for national certification for employment as a Certified Pharmacy Technician.

CAREER EDUCATION

ACCOUNTING

Date	Day	Time	Site	Rm
8/17-12/14	M	5:30 - 8:20pm	IAC	303

This instructional program prepares individuals to perform any combination of the following tasks: apply the accounting cycle for both a service and merchandising business through closing the books for a sole proprietorship, partnership, and corporation; select and use appropriate computer hardware and software to develop, process, and maintain accounting records and create reports; create and maintain subsidiary ledgers; prepare, analyze, and interpret financial statements; apply procedures for asset acquisition and disposition and analyze and calculate depreciation methods; create budgets, design flexible budgets, and make capital budgeting decisions.

QUICKBOOKS

We are a certified testing site!

Date	Day	Time	Site	Rm
8/11-12/15	T	5:30-8:20pm	IAC	301

In the QuickBooks class the students are using QuickBooks Online. Students enrolled in this course are learning relevant computing skills found in most offices today. Intuit® QuickBooks, the industry leader in managerial accounting software for small business, provides an easy-to-understand platform for students to grasp accounting concepts while honing skills in the most prevalent bookkeeping application in small business today. Students can validate their QuickBooks knowledge at the end of the semester by becoming an Intuit QuickBooks Certified User (QBCU).

Required text: Print version \$185, E-book \$115

FINANCIAL LITERACY

Date	Day	Time	Site	Rm
8/12-12/16	W	6:20-9:10pm	IAC	303
8/12-12/16	W	12:30-3:20pm	IAC	DL

Financial Literacy explores real world topics include balancing a checkbook; savings and investing; understanding state and federal taxes; earning an income; banking and financial services; understanding loans and borrowing money, including predatory lending and payday loans; understanding interest, credit card debt, and online commerce plus questions you bring to the class on these topics.

CAREER EDUCATION

EXCEL

This course teaches fundamental skills including the Ribbon interface, inserting and deleting columns, rows, and cells, entering and editing data, creating and modifying formulas, formatting worksheets, copying and moving worksheets, and using charts and graphs. Learn to format using styles, insert images and SmartArt and create and use templates.

Date	Day	Time	Site	Rm

CAREER EDUCATION

COMPUTER LITERACY

This course is delivered in person and via distance learning over the course of a semester. Specifically, this course teaches students how to:

- Navigate and use a computer/ operating system, and vocabulary related to computers/technology,
- Use a keyboard
- Use Microsoft Office Software and how to use the Internet safely and effectively.

Date	Day	Time	Site	Rm
8/11-12/15	T	9:10-12:00pm	IAC	301
8/13-12/17	Th	12:30-3:20	Dist. Learn.	

PYTHON ESSENTIALS

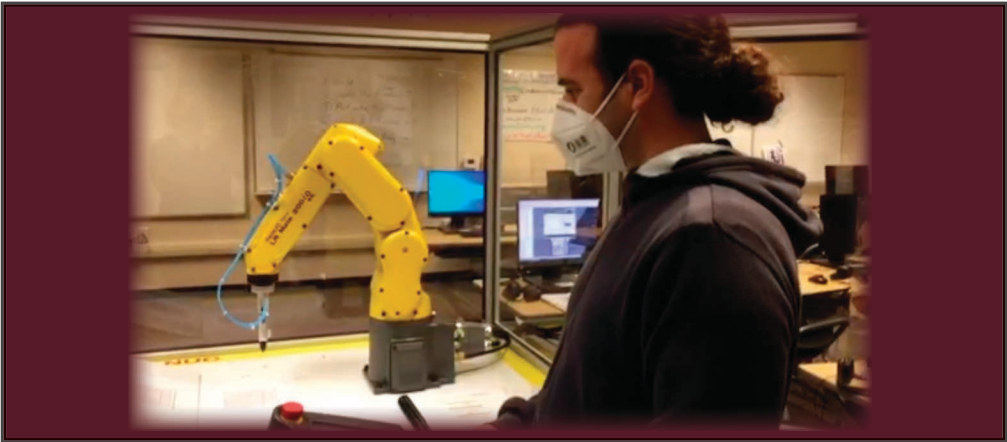

Python is the very versatile, object-oriented programming language used by startups and tech giants, Google, Facebook, Dropbox and IBM. Python is also recommended for aspiring young developers who are interested in pursuing careers in Security, Networking and internet-of-things. Upon the completion of this course, you will be prepared to take the PCAP – Certified Associate in Python programming. No prior knowledge of programming is required.

FANUC ROBOTICS 1

Enhance your resume by becoming Fanuc certified. Fanuc robots are used by the Tesla factory in Fremont, one of the world’s most advanced automotive plants, and used by broccoli growers in the Central Valley. In Fanuc Robotics 1 you will learn the language of Fanuc robots with an online learning net and in-classroom hands-on robot training. You will earn a nationally recognized Fanuc Certificate. Come join us and see where this class will take you.

CAREER EDUCATION

CISCO CYBERSECURITY

Cybersecurity professionals who can protect and defend an organization's network are in high-demand right now. Put your detective-like qualities to work by gaining knowledge toward a career in fighting cybercrime. Today's interconnected world makes everyone more susceptible to cyber-attacks. Whether you're attracted to the relatively new world of cybersecurity as a professional, or just interested in protecting yourself online and in social media, this introductory course is the answer. Introduction to Cybersecurity explores cyber trends, threats—along with the broader topic of cybersecurity in a way that will matter to YOU.

IT ESSENTIALS: PC HARDWARE AND SOFTWARE

This curriculum provides an introduction to the computer hardware and software skills needed to help meet the growing demand for entry-level information and communication technology (ICT) professionals. The curriculum covers the fundamentals of PC technology, networking, security, and also provides an introduction to advanced concepts. Students who complete this course will be able to describe the internal components of a computer, assemble a computer system, install an operating system, and troubleshoot using system tools and diagnostic software. Upon successful completion of the academy, the student will be prepared for the Comp TIA+ certification exam.
